### **DJ/BAND/ENTERTAINMENT:**

#### ELECTRICITY:

The Ashton Depot has **5 Dedicated 20 Amp Circuits** spread over the 4 main walls of the ballroom

Each outlet is marked with a number which corresponds to a single dedicated circuit

All outlets marked with #3 belong to one 20-amp circuit

If you have a piece of equipment that requires a full 20 amps and you plug it into an outlet marked with a #3, you **CANNOT** plug anything else into an outlet marked with a #3 or you will blow the breaker

The Ashton Depot does have more than 5 dedicated 20 Amp circuits in the building, but reaching additional outlets may require the use of extra extension cords

### **STAGE/TENT**

Stages and tents must be ordered by The Ashton Depot. Please let us know if you will need one. Any stage not ordered by The Ashton Dept must be pre-approved.

We are here to help. Feel free to reach out to our office anytime with questions at (817) 810-9501.

Thank you!
